MEMORANDUM FOR: Director, MPRRD

SUBJECT: Support for Intelligence Research and
Development Council (IR&DC)

1. Dr. Currie has tasked Dr. Lukasik (Director, ARPA) and myself to prepare a draft IR&D Council report to the DCI for the forthcoming IRAC session. Certain financial data is needed for the draft report preparation prior to 20 June 1974. During our conversation on 7 June, you indicated your staff could provide me some assistance in this regard for which I am deeply appreciative.

2. I have attached a listing of Program elements by number for which I need the FY 73-FY 80 RDT&E dollar totals displayed by Program element, fiscal year, organization, and program category (II, III, or VI). Thanks again.
